

Information sheet regarding the increase in a deposit

Collective Employment Agreement for the industry of plastering in the city of Zurich

relevant for the period from 1. April 2020 until 31. March 2024

This information sheet is for your information and is not legally binding. Solely the statutory provisions and the provisions of the collective agreement that have been declared generally binding are relevant in individual cases.

1. Why does the deposit have to be increased or a new deposit made?

The use of the deposit or the increase in the total order value results in the company being obligated to increase the deposit to the original or a higher amount or to make a new deposit within **30 days** or **before taking up new work** in the scope of validity of the aforementioned collective employment agreement.

2. By what amount does the deposit have to be increased?

The amount of the deposit depends on the total order value per calendar year.

Total order value (order sum)	Amount of deposit
less than CHF 2'000.--	no deposit obligation
from CHF 2'000.-- to CHF 20'000.--	CHF 5'000.--
greater than CHF 20'000.--	CHF 20'000.--

If the deposit already made is used, without anything changing with regard to the overall order value, it is to be increased again to the original amount when it has been used. If the relevant overall order value changes at the same time, it is to be increased to the corresponding higher deposit value. If the entire deposit has been used to date, a new deposit must be made pursuant to the overall order value. **The prerequisite for an increase in the deposit amount pursuant to the total order value, however, is receipts about the specific order amount** (copy of the order issue by the customer, countersigned offer, etc.).

If there are no receipts for the specific order amount, the highest deposit is always owed. The payment of a deposit can be waived or the payment of a deposit lower than the maximum deposit is possible **if the receipts for the corresponding order amount are received without a corresponding request by ZKVS before the payment of the increase or before the receipt of the new guarantee certificate.** Without receipts, a reminder will be issued for the maximum deposit which can then only be corrected on the basis of a formal agreement.

3. How is a deposit increased or a new one made?

The deposit can be increased by means of a guarantee certificate or in cash (payment into an account) or a new deposit made.
